

FY11 Objectives

The following objectives are suggested. Include LWP specific information in <bracketed> areas.

Goal: Improve health outcomes of Missouri WIC participants.

To Decrease Overweight	To Prevent Overweight
RF 113 Objective: Decrease the percent of children, 2-5 years old, who are overweight (BMI-for-age $\geq 95^{\text{th}}$ percentile) from < % > in 2010 (Needs Assessment – 113) to <5% by 2015 (expected rate from CDC's PedNSS) in children participating in WIC.	RF 113 Objective: Maintain the percent of children, 2-5 years old, who are overweight (BMI-for-age $\geq 95^{\text{th}}$ percentile) at or below the current rate of < % > in 2010 (Needs Assessment – 113) through 2015 in children participating in WIC.
RF 114 Objective: Decrease the percent of children, 2-5 years old, who are at-risk of overweight (BMI-for-age $>85^{\text{th}}$ percentile to $<95^{\text{th}}$ percentile) from < % > in 2010 (Needs Assessment – 114) to <10% in 2015 (expected rate from CDC's PedNSS) in children participating in WIC.	RF 114 Objective: Maintain the percent of children, 2-5 years old, who are at-risk of overweight (BMI-for-age $>85^{\text{th}}$ percentile to $<95^{\text{th}}$ percentile) at or below the current rate of < % > in 2010 (Needs Assessment – 113) through 2015 in children participating in WIC.
